We will make two stops where you will be taught the correct way to snorkel in shallow areas and, accompanied by an instructor, we will make another stop in *Cala Ferriola* to drink water and eat some fruit. This activity is indicated for the whole family. On your return, you have the opportunity to stay and discuss the experience on the terrace while eating at the bar/restaurant situated in the same cove. Afterwards, we will go to the hotel to check-in. Free afternoon to enjoy the fishing village of *l'Escala* where, among other things, you can buy an authentic delicatessen from the area such as its famous anchovies. For dinner, it has a varied selection of restaurants where you can eat from a good pizza, a good Suquet from *l'Empordà* or go to one of the Michelin-Star-restaurants. Finally, accommodation at the hotel.

Day 2: L'Escala – Ruins of Empúries

After having breakfast at the hotel, we will check-out and head towards the Ruins of Empúries for a very special visit and immerse ourselves in antiquity through virtual reality technology. An itinerary through the Greek and Roman city, stopping to visit with 3D the audiovisual the cryptoporticus of the domus of the mosaics. The highlight of the visit are its public spaces: the forum of the Roman city and the Greek agora, where you can experience an authentic journey into the past through virtual reality glasses that will allow you to see and experience what these spaces were like during the classic era. When we finish, we invite you to stay and visit *Sant Martí d'Empúries*, a small village from the 9th century that preserves a good part of its past, houses and several restaurants which offer you a very cared and selected cuisine.
